

EQUAL EMPLOYMENT OPPORTUNITY PROGRAM

FOR

**Federal Communications Commission
47 CFR Part 76**

**Qwest Broadband Services Inc.
Maricopa County, Arizona
Unit Number: 9959**

EEO Public File Report:

Period Covered by Report: October 1, 2009 to September 30, 2010

Revised and Updated Annually

TABLE OF CONTENTS

	Equal Employment Opportunity Statement	3
Section I.	Preliminary Statement	4
Section II.	Listings of all full-time job vacancies filled by the Unit (9959) by job title.	5
Section III.	For each full time job vacancy, the recruitment source, identified by name, address, and contact person and telephone number.	6
Section IV.	Documentation which demonstrates compliance with the two long-term recruitment requirements.....	52

EQUAL EMPLOYMENT OPPORTUNITY STATEMENT

EQUAL EMPLOYMENT OPPORTUNITY

Qwest Broadband Services Inc., is dedicated to equal employment opportunity. We provide equal employment opportunities to all individuals based on job-related qualifications and ability to perform a job, without regard to age, sex, race, color, religion, sexual orientation, national origin, veteran status, or disability. It is our policy to maintain a non-discriminatory environment free from intimidation, harassment or bias.

Section I: PRELIMINARY STATEMENT

Qwest has prepared this equal employment opportunity program as a reaffirmation of its commitment to equal employment opportunity. In preparation for this plan, the terminology used in the Federal Communications Commission 74 CFR Part 76, rules and regulations has been used as a guide.

In developing and implementing this plan, Qwest has been guided by its established policy of providing equal employment opportunity. This program is intended to widely disseminate to the community notices of job vacancies to qualified candidates and community groups involved in assisting job seekers regardless of whether they are a minority or women's group. This plan has been developed in strict reliance upon the rules and regulations issued by the Federal Communications Commission.

As required, Qwest Broadband Services Inc., maintains this report at the unit's public file.

Section II: FULL TIME JOB VACANCIES

There were no full time job vacancies filled externally during the period covered by this report:
October 1, 2009 to September 30, 2010.

Section III: RECRUITMENT SOURCES

Qwest forwards copies of regular full time Qwest Choice job openings to the following recruitment sources:

* Asterisk denotes recruitment sources which requested job notification announcements. (None)

Recruiting – Qwest attends and hosts many recruiting fairs annually throughout our region, outreaching to the community for individuals who may have an interest in working at Qwest. To recruit a diverse source pool Qwest utilizes radio, job fairs, print advertising, e.g., newspapers, DirectEmployer’s Association who post Qwest’s job advertisements with the appropriate state agencies. Additionally, Qwest posts external job advertisements to more than 100 diversity sites. An applicant may initially find the job advertisement through a diverse site, such as AfricanAmericanJobs.org through CareerBuilder, and then following Qwest’s procedures, the applicant completes a profile through the Qwest.com site. Openings are also made available to existing employees on the Company’s intranet and employees are encouraged to refer their friends and families to the Qwest.com site to apply.

Qwest jobs are posted through DirectEmployers Association as shown in the table below:

Notice: Organizations that regularly distribute information about employment opportunities to job seekers or refer job seekers to employers may request Qwest Broadband Services, Inc. to provide them with information about full-time openings at the cable system. Such requests must include the organization's name, mailing address, e-mail address if applicable, telephone number and contact person, and identify the category or categories of job openings for which it requests notices. Requests should be directed to Qwest Corporation, 1801 California Street, Suite 295, Denver, CO 80202 or to staffing@qwest.com.

Qwest Broadband Services, Inc. is an Equal Opportunity Employer.

Section IV: LONG TERM RECRUITMENT ACTIVITIES

In accordance with FCC 47 CFR Part 76, Qwest Maricopa County Arizona, conducted two of the sixteen suggested long-term recruitment activities. Option 5, Establishment of an internship program designed to assist members of the community in acquiring skills needed for multichannel video programming distributor employment. Option 14, provision of training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

1. Option 5: Establishment of an internship program designed to assist members of the community in acquiring skills needed for multichannel video programming distributor employment.

Qwest provided three internship opportunities to members of the community. Working with unit personnel, projects were provided to our interns that could assist them in acquiring skills needed for multichannel video programming distributor employment. Examples of the projects/training include:

- Working with the Technology Management-Consumer Services group which provided an understanding of the Video flow in the Headend that includes the reception of the signal from the Satellite into the Integrated Receiver and Decoder.
- Working to understand the routing architecture and configuration for the video services. Working in the Video Data Operations Center and the Video Headend. Provided the opportunity to integrate new equipment related to the new Home Entertainment platform being tested for future deployment.
- Provided training on our legacy video platforms, we currently support FTTH and VDSL.
- Provided training on our troubleshooting process and understanding Qwest's urgency related to outages. Also working directly within the Denver Video Headend on outages with Technical Support, worked with our Video IP Network Technical Support engineer and assisted in the replacement of a 4948 Switch.
- Provided the opportunity in the planning and testing on our new deployment, which included interface with Qwest Video Technical Management team in Engineering, the Video IP Network Technical Support and Server Technical Support Groups. Provided experience working with the VDOC Alarm Management Tier III Technical Support as there was a need to respond to equipment alarms.
- Worked with Video Data Operations Center to identify on-going alarming with two-way communications between our Network and SWRD (Structured Wired Routing Device) at customer premise in FTTH Developments. Created an end-to-end process and training for the Broadband Technical Support Center to identify active customers, track coordination of effort, and resolve alarms.
- Facilitated creation of a single point for Choice TV (VMDU) repair ticketing data and analyzed potential correlations for opportunities to reduce non-productive dispatches and increase

customer satisfaction. Long term goal to present efforts as a Scorecard benchmark for this product.

2. Option 14: Provision of training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

All unit employees are required to take an on-line code of conduct training which covers our non discrimination and equal opportunity policy. This training provides notice to managers that they are responsible for insuring an environment free of discrimination. It further provides the requirement that managers must report any instance of discrimination to the company's compliance hotline.
